

# PATRICK MTHANYAMA

Medical Assistant at Tsangano Health Centre in Malawi

Patrick is so thankful for donations...

**Patrick appeals to Inter Care's supporters and tells us how important they are for patients at Tsangano Health Centre.**

We are so proud of the donations received. The local community is very poor and could not afford to pay for medicines otherwise. The roads are poor quality in the region and means if a patient is referred to another hospital, transportation is very difficult.

**We rely on donations.**

**The local community is very poor and could not afford to pay for medicines**

## How Inter Care helps us...

The most common conditions seen at Tsangano Health Centre are Pneumonia, Gastro illnesses and skin conditions. All healthcare goods and medicines that Inter Care send are helping support the patients of Tsangano. The donations are saving lives.
